Pasindu Perakum

I am a 3-year Software Engineering undergraduate at SLIIT, Malabe. I am looking for a challenging and rewarding career opportunity that will allow me to improve my current skills in a competitive environment while getting an understanding of the industry.

I consider myself to be a forward-thinking, self-driven individual with a strong interest in learning and multi-tasking skills for offering my best performance as an undergraduate. I am willing to be a responsible and dedicated team player in achieving the project goals.

Education

○ Sri Lanka Institute of Information Technology (SLIIT)

Reading BSc. Special (Hons) in Information Technology Specializing in Software Engineering - (2021 - Present) [CGPA - 3.31]

○ Ananda College, Colombo 10

G.C.E. Advanced Level – 2019 (Technology Stream)

University Projects

A webapp for hotel reservation system (1st Year)

- Make and manage reservations online.
- Technologies: HTML, CSS, PHP, JavaScript
